Center for Environmental Excellence by AASHTO
One Stop Source of Environmental Information for Transportation Professionals

Environment & Transportation Topics

Complete coverage of 20+ topics important to transportation practitioners, including recent developments, research, documents and reports, case studies, and organizations and training, by topic

Practitioner's Handbooks

Practical advice on a range of environmental issues that arise during the planning, development, and operation of transportation projects

Programmatic Agreements Library (PAL) Database

A comprehensive, organized library of executed programmatic agreements that allows practitioners to easily research agreements that meet specific requirements. Each agreement includes a summary, in-depth information on its development and use, and a downloadable full agreement

Case Law Updates on the Environment (CLUE) Database

A storehouse for tracking and sharing environmental case law updates. Features comprehensive list of case law summaries for policy makers and practitioners, including recent court decisions involving challenges to environmental reviews and permits for highway and transit projects
